**Hampton Raulerson, Administrator**  
**Jenifer Nobles, County Clerk**  
**John B. Adams, County Attorney**

Georgia has not yet experienced the peak of COVID-19 cases per day and we here in Charlton County will most likely lag behind metropolitan areas such as Atlanta. In yesterday's press conference, Governor Kemp suggested that the peak has been a moving target, but the latest estimate is early May. During this time Charlton County EMA and Board of Commissioners asks that citizens continue following the Governor's shelter in place order. We also ask that if you have to go out, that you follow the Center of Disease Control's recommendation to wear a mask and practice social distancing of six feet. In this time of uncertainty, we must all do our part to ensure the safety of the most vulnerable members of our community and for doing so, we thank you.

Hampton Raulerson  
County Administrator

Bruce Young  
EMA/EMS Director
